## **BOOK SYNOPSIS**

Even though women in their 40s, 50s, 60s and beyond have never looked better, healthier or younger, their fashion needs have changed. Unless women have the body and lifestyle of an 18-year-old, shopping probably isn't much fun anymore. The fashion industry seems to have turned its back on women who are 40 or older, churning out collections that have nothing to do with careers or sophisticated living. Farr shares the results of her extensive analysis of designers and brands - from high-end to budget-conscious - best-suited for women over 40.
